- *Co-op Intern*

Department of Fisheries and Oceans
- Assistant Salmon Officer

UBC Earth, Ocean and Atmospheric Sciences
- *Research Assistant*

TECK
- Environmental Co-op Student (Elk Valley, BC)

UBC Science Co-op

TIPS FOR SUCCESS – ISCI / CMS / BNSC

Please gain as much ==lab experience and/or patient interaction experience as possible==

- **can't get into 3rd year lab courses**? Consider volunteering at a UBC / other labs – please be proactive!

    - CMS / ISCI students: BIO 342 – Integrative Biology Lab (==highly recommend you take this course==)

- **can't find an opportunity to work at a hospital?** Consider volunteering as a navigator or volunteering at a senior home to gain patient interaction experience

- Strongly consider taking CPSC 110 or 210 or programming courses such as
    - CPSC 103
    - EOSC 211
    - MATH 210

# STUDENTS INTERESTED IN ENVIRONMENTAL POLICY, FIELD WORK OR NATURAL SCIENCES

- **Class 5 Driver's License - VERY IMPORTANT**

- GIS courses / Soil Sciences / Field Work Experience

UBC Science Co-op
